

Vision

We strive to cultivate an educational foundation that empowers students to realize their full potential, thrive as productive global citizens, ignite positive change, and create a more just and equitable world.

Board of Education Meeting Schedule

Board of Education meetings allow the board to conduct official business for the purpose of improving student achievement and organizational effectiveness. All board meetings are conducted in accordance with Open Meetings Law and local board policy. Board meetings typically take place on the second Tuesday of each month. Exceptions are in months with school breaks and holidays.

Board retreats allow the board to take a deep dive into data, discussion, and information. Board retreats take place quarterly and are open to the public.

Community meetings are an opportunity for the Board of Education to foster two-way communications with the community about vision, values, and results. Community meetings demonstrate transparency and afford community observations of school system operations. These meetings take place in the Fall, Winter, and Spring.

For all meeting types, stakeholders are encouraged to check the district website for any changes to the dates and times of meetings.
